Sexual Intercourse In Gay Dating. (Sandi Kartasasmita, M. Psi.). Bachelor Degree in Psychology, University of Tarumanagara. (103 pages, R1-R3, Appdx 1-Appdx6).

Sexual intercourse are refers to the activity of genital contact between two people, forwarding to orgasm. The goal of this research is to find out the description of sexual intercourse in gay dating. Dating is an agreement to meet with someone else, who can be partners or friends in certain places. The data is taken by in-depth interview from 3rd of February 2007 to 15th of September 2007. The result of the interviews with 4 gays, shows that all of them are doing sexual behavior in dating with the others gay. Four subjects are categorized as 1 bottom and 3 versatile. The sexual intercourses activity done by the subjects, which are oral and anal sex, often shown by the idea of unnecessary condoms usage. That idea shows that sexual intercourse that is done by the 4 subjects is said to be not safe and risking sexual transmitted disease.

Keywords: sexual intercourse, dating, gay
