

## ABSTRACT

*A child aged 3 – 6 years, it was a “umur emas” or called Golden Age in which a child’s brains at this age is highest to learn and absorb information. Given morale to child at early age is very important because it can determine the nature of the child on later day. Book is one media of knowledge which can give develop for child brain. Therefore, I created illustration book for children as a medium to instill value of morale for child’s of early age.*
