

SURAT TUGAS

Nomor : 203-D/236/FTI-UNTAR/III/2023

1	Pejabat yang berwenang memberi perintah	Ketua Program Studi Sistem Informasi
2	Nama yang diperintahkan	Prof. Dr. Dyah Erny Herwindiati
3	Pangkat dan Golongan	Guru Besar
4	Jabatan	Dekan/ Dosen Tetap
5	Maksud dan Tujuan	Sebagai Reviewer pada: 2023 7 th International Conference on Green Energy and Application, Singapore , March 10- 12, 2023
6	Tempat Kegiatan	Nanyang Technological University, Singapore
7	Pembebanan anggaran	-
8	Keterangan lain-lain	- Selesai melaksanakan tugas harap <ul style="list-style-type: none"> • Buat Laporan tertulis (paling lama satu minggu setelah pelaksanaan) • Melakukan Presentasi (bila diperlukan)

Jakarta, 8 Maret 2023

Ketua Program Studi Sistem Informasi

Dr. Dedi Trisnawarman, M.Kom

Lembaga

- Pembelajaran
- Kemahasiswaan dan Alumni
- Penelitian & Pengabdian Kepada Masyarakat

Technical Committee Invitation-ICGEA 2023-Prof. Dyah Erny Herwindiati External Inbox x

icgea_secretary <icgea_secretary@163.com>
to me

Fri, Dec 2, 2022, 3:37 PM

Dear Prof. Dyah Erny Herwindiati,

Thank you for your submission to ICGEA 2023!

Based on your previous experience and solid background, I'm writing to invite you to join in our Conference Technical Committee group as our technical committee member.

If you accepted this invitation, your information can be added to the website. As a technical committee member, only 1 to 3 papers in your research fields will be assigned to you. In return, the certificate will be issued to you after the conference.

We do hope that you can accept this invitation. Awaiting good news from you!

Best regards.

Evelyn Koh

E-mail: icgea_secretary@163.com

Web: <http://icgea.org/index.html>

Service from 10:00-18:00 (UTC+8), Mon to Fri.

Please do not trust any contact information other than the official website. Be aware of the various types of online fraud and be alert.

CERTIFICATE

FOR TECHNICAL COMMITTEE MEMBER

THIS CERTIFICATE IS PRESENTED TO

Prof. Dyah Erny Herwindiati

Tarumanagara University, Indonesia

who served as Technical Committee Member on
2023 The 7th International Conference on Green Energy and Applications (ICGEA 2023)
held during March 10-12, 2023 in Singapore.

Review Form of ICGEA 2023

<http://icgea.org>

Paper ID: EA1 -197

Paper Title: Conceptual development of a precision based robot design for Green Field agricultural applications using AI & ML techniques

Evaluation(X where appropriate)

	Exceptional	Very Good	Good	Fair	Poor
Relevance to the Conference			X		
Originality			X		
Appropriateness of the research/study method			X		
Innovation			X		
Relevance and clarity of graphics and tables				X	
Presentation			X		

Recommendation to Editors(Highlight your Recommendation)

Publish Unaltered

Publish in Minor, Required Changes

Review Again After Major Changes

Reject (A Major Rewrite Is Required; Encourage Resubmission)

Reject (Paper is Seriously Flawed; Do Not Encourage Resubmission.)

Give your comments or suggestions (it would be better to give more than 80 words)

A. This paper has many grammatical errors. There are some spelling mistakes, for example, the wrong spelling of the word: analysed, fertiliser. The verb often does not agree with the subject; for example, Selective harvesting, segregation, and crop health monitoring requires. There are many shortcomings in the use of 'article' and many other typographical errors

B. In the Proposed Methodology Section.

The sentence 'conceptual development' in the title needs to be visible because the architectural concept of CNN has not been discussed comprehensively. The results of the evaluation of the learning process from the proposed model have not yet appeared

- C. The topic of this paper is exciting, but the article's organization is not good.
- D. The writing should be better, and the pictures could be more explicit, see picture 1. Fix the images and spaces in the writing

Review Form of ICGEA 2023

<http://icgea.org>

Paper ID: EA1-200

Paper Title: Research on a concept for green development based on industrial big data infrastructure

Evaluation(X where appropriate)

	Exceptional	Very Good	Good	Fair	Poor
Relevance to the Conference		X			
Originality			X		
Appropriateness of the research/study method		X			
Innovation			X		
Relevance and clarity of graphics and tables			X		
Presentation			X		

Recommendation to Editors(Highlight your Recommendation)

Publish Unaltered

Publish in Minor, Required Changes

Review Again After Major Changes

Reject (A Major Rewrite Is Required; Encourage Resubmission)

Reject (Paper is Seriously Flawed; Do Not Encourage Resubmission.)

Give your comments or suggestions (it would be better to give more than 80 words)

A. **Section III - GREEN DEVELOPEMNT** MODEL

Wrong spelling of the word **DEVELOEMNT**

The author has explained China's current conditions concerning the Optimal allocation of resources - Integration Innovation; this explanation needs to be clarified whether the conditions described indicate that the 'Green Development Model' in China has been achieved. If the model has yet to be reached, what are the causative factors, and what solutions are offered? Each country has a unique policy that is adjusted to the size of the population, natural resources, and territorial conditions.

B. *Section II - RESEARCH* **BACKGROUD**

Wrong spelling of the word **BACKGROUD**

The author writes that achieving sustainable development in China requires continuously developing and building in three aspects: economy, society, and environment. The role of big data is significant in achieving the green development model through integrating four things: Resource integration, Dynamic decision-making, Sharing platform, and Environmental Monitoring. Please make a simple scheme that can make this good research easier to understand the integration process to achieve a green development model.

C. Figure 1 Diagram of the Optimal Resource Allocation Model Based on Big Data, please make it bigger

WELCOME

You are immensely welcome to attend 2023 The 7th International Conference on Green Energy and Applications (ICGEA 2023), which is going to be held during March 10-12, 2023 in Singapore, sponsored by Singapore Institute of Electronics and IEEE.

The theme of ICGEA 2023 is to bridge and connect presenters and audience with different disciplines and background as well as from different geographical locations. The most interesting and disruptive technology often happened at edges and boundaries of different disciplines, and so the aim of the conference is to bring these brains together to synthesize the ideas and knowledge from different sources to achieve the energy innovation.

Through the conference, we would like to engage with all of you in an open and constructive dialogue about green energy and applications. We have the conference for three days. We believe that by this excellent conference communication, you can get more opportunities for further communication with researchers and practitioners with the common interest in this field.

Besides, we'd like to express our sincere gratitude to everyone who has contributed to this conference as its success could have only been achieved through a team effort. A word of special welcome is given to our keynote and invited speakers who are pleased to make contributions to our conference and share their new research ideas with us. Additionally, our special thanks go to all committee members for their excellent work in reviewing the papers and their other academic support efforts.

Finally, we are dedicated to higher and better international conference experiences. We will sincerely listen to any suggestions and comments.

Sincerely hope you enjoy the next three days.

Yours sincerely,
Conference Organizing Committee

COMMITTEE

✚ Advisory Chairs

Alberto Borghetti, IEEE Fellow, University of Bologna, Italy

✚ Conference Chair

Siew Hwa Chan, Nanyang Technological University, Singapore

✚ Conference Co-Chair

Yiyan Pei, Singapore Institute of Electronics, Singapore

✚ Program Chairs

Igor Kuzle, University of Zagreb, Croatia

Deepak L. Waikar, EduEnergy Consultants LLP, Singapore

✚ Local Chairs

Thaiyal Naayagi Ramasamy, Newcastle University, Singapore

Dhivya Sampath Kumar, National University of Singapore, Singapore

✚ Publication Chair

Ewa Dziech, University of Luxembourg, Luxembourg

✚ Publicity Chairs

Viboon Sricharoenchaikul, Chulalongkorn University, Thailand

Dipti Srinivasan, National University of Singapore, Singapore

Weeratunge Malalasekera, Loughborough University, United Kingdom

✚ Technical Committee

Adzuiéen Nordin, Politeknik Ungku Omar, Malaysia

Ahmet Mete Vural, Gaziantep University, Turkey

Aigars Laizāns, Latvia University Agriculture, Latvia

Anthony Yee, The Royal Commonwealth Society of Singapore, Singapore

Cuiyun Gao, Anhui Jianzhu University, China

Dawid Wojcieszak, Poznan University of Life Sciences, Poland

Dwi Novitasari, Universitas Gadjah Mada, Indonesia

Garlapati Chandra Sekhar, G.M.R. Institute of Technology, India

Hamed Aly, Acadia University, Canada

Jacek Dach, Poznan University of Life Sciences, Poland

Jose Luis Dominguez, Catalonia Institute for Energy Research, Spain

Kin Yu Lam, Cargill Bioindustrial, Singapore

Loh Wai Kaun, Energy Research Institute @ NTU, Singapore
Mahir DURSUN, Gazi Üniversitesi, Turkey
Man Pun Wan, Nanyang Technological University, Singapore
Matthew Teow, Sunway University, Malaysia, Malaysia
Nahla Ezzeldin Zakzouk, Arab Academy for Science and Technology, Egypt
Parnuwat Usapein, Rajamangala University of Technology, Thailand
Qihui Liu, North China Electrical Power University, China
Rahimi Baharom, Universiti Teknologi MARA, Malaysia
Saad Bennani Dosse, Sidi Mohammed Ben Abdellah University, Morocco
Shuo Xu, ISO New England, Inc., USA
Sisil Kumarawadu, Sisil Kumarawadu, University of Moratuwa, Sri Lanka
T.P Handayani, Universitas Muhammadiyah Gorontalo, Indonesia

Viboon Sricharoenchaikul, Chulalongkorn University, Thailand
Yanyu Zhang, Henan University, China
Ya-Xiong Wang, Fuzhou University, China
Yifei Wu, Xi'an Jiaotong University, China
Zhen Yang, Tsinghua University, China
Zhongwen Li, Zhengzhou University, China
Hirotaka Takano, Gifu University, Japan
Ngwashi Divine Khan, University of Buea, Cameroon
Tuyen Nguyen Duc, Hanoi University of Science and Technology, Vietnam
Dyah Erny Herwindiati, Tarumanagara University, Indonesia
Chew Beng Soh, Singapore Institute of Technology, Singapore
Tan Kuan Tak, Singapore Institute of Technology, Singapore
Sivaneasan Bala Krishnan, Singapore Institute of Technology, Singapore
Low Sheau-Ting, Universiti Teknologi Malaysia, Malaysia
Sze Sing Lee, Newcastle University in Singapore, Singapore
Michela Longo, Politecnico di Milano, Italy
Yuanbo Qi, Donghua University, China
Xianglei Liu, Nanjing University of Aeronautics and Astronautics, China
Shuhua Gao, Shandong University, China
Hao Tang, University of Electronic Science and Technology of China, China
Wongkot Wongsapai, Chiang Mai University, Thailand
Hayder Salem, Australian University, Kuwait
Ahmad Sedaghat, Australian University, Kuwait
Hsing-Jung Ho, Tohoku University, Japan
Atsushi Iizuka, Tohoku University, Japan
Shabir Hussain Khahro, Prince Sultan University, Riyadh, KSA
Tseng King Jet, Newcastle University, UK

ONSITE VENUE

Address: 11 Slim Barracks Rise, (off North Buona Vista Road), NTU@one-north campus, Executive Centre #09-09, Singapore

Official Website: <https://www.ntu.edu.sg/life-at-ntu/leisure-and-dining/ntu@one-north>

- Room information for signing in: **Discussion Room 707**
- Formal meeting room: **Lecture Theatre 702 & Seminar Room 706**

How to get NTU@one-north (11 Slim Barracks Rise, Singapore 138664)?

Buona Vista (East-West / Circle Line)
one-north (Circle Line)

Easily accessible via Ayer Rajah Expressway (AYE)
