Dear Hery Firmansyah, Erwin Natosmal Oemar, Nessya Monica Larasati Putri, Harshita Harshita

We have reached a decision regarding your submission to Jurnal Dinamika Hukum, "Legal Loophole Related to the Use of Drones With Spying Purposes in Indonesia".

Our decision is: Revisions Required

1. The manuscript is only 4800 words;
2. Introduction has no novelty, we have suggested 3 journal articles, please do not look for other articles;
3. Primary references (journals and proceedings) do not reach 20, the author must add. The editorial board has previously made suggestions, but they were not followed up; and
4. Articles have been converted using mendeley, add references using footnotes only, managing editors will do the citation conversion themselves.

The authors should not delete editorial comments so that editors and reviewers are clearly aware of the revisions made. Please revise the manuscript and upload it to the system on February 4, 2024. If you require additional time, please contact the editorial office.

Please contact Dwiki Oktobrian (Managing Editor) at 081221969186 for more information.

The Managing Editor has received the proofread result and has edited it in the template, please check this final draft before we publish it. Also attached are the proofread results for your detailed review.

If there is any mistake, you can correct it yourself and send it to us. Especially for errors in the body note or bibliography, do not edit directly, use footnotes manually.

Please check your final draft prior to publication.

I would be grateful if you could confirm if there is any change via email or online journal system by **7/3/2024** or before if you can manage it. If by the date we did not receive any notification about the changes, we will use this draft as the final version for publication.

Should you have any queries, please do not hesitate to contact us.

best regards
