Why didn't Scopus revoke the permission or the Scopus index for the journal? Central European Management Journal (CEMJ) | ISSN:2336-2693 | E-ISSN:2336-4890, Because there have been many writers who have been deceived.If contacted, all emails and editor contacts are missing, all are not detected, this is clearly a fraud, cook published articles with thousands of pages published once. examples of these editions and volumes [https://journals.kozminski.cems-j.com/index.php/pl\\_cemj/issue/view/32.html](https://journals.kozminski.cems-j.com/index.php/pl_cemj/issue/view/32.html).
