Forgiveness of Parents Towards Premarital Pregnancy Teenagers; Debora Basaria; Undergraduate Program in Psychology, Tarumanagara University (1-x; 112 Pages; P1-P-5; L1-L6

Premarital pregnancy event is certainly a painful for parents. They will be disappointed and saddened by this event. The purpose of this study is to describe parents' forgiveness towards their teenage's pregnancy. Time data collection conducted during February to June 2014.

Someone who is capable of forgiveness has reduced the negative feelings towards the perpetrator, the perpetrator of negative thoughts, and negative attitudes toward offender. This study used qualitative methods with in-depth interviews as the data collection process. The results of this study, four respondents were generally in hollow forgiveness. In general, the four respondents already have a forgiveness yet not fully forgiveness, because they still feel disappointed and sad.
